WHAT IS THIS PROGRAM ALL ABOUT?

Our transformative educational competition unfolds in four distinct phases by challenging students to argue and explain the value of their projects 100% in English, while giving participants a huge boost to their college application profiles, and developing the skills top universities and companies crave:

Country Assignment & Preparation

Get assigned a country and topic to research, understanding its policies and preparing to represent its interests on the global stage.

Model UN 101 Course

Participate in our MUN 101 course, which provides comprehensive resources and guidance on everything you need to know to succeed in Model UN, from researching to debating and resolution writing.

Special Events & Specialized Training

Take part in beginner and advanced training sessions, attend global talks featuring international experts, and connect with fellow delegates during the pre-conference meet-up to prepare thoroughly for the upcoming debates.

Live Model UN Debate Experience

Engage in live, Model UN debates through Zoom where you'll defend your assigned country's position and collaborate with other delegates to reach a resolution.
